Communora360
by EBITS
My People, Our Purpose, One Platform

FOR CHURCHES

From the offering bowl to the church-wide report.

Record services, tithes, offerings and pledges in one place. Give every member a statement on request, and give headquarters a clear view of every congregation.

SOUND FAMILIAR?

Counting on paper

Envelopes and loose collections are written in a book, then retyped. Statements take days to prepare.

Headquarters waits for returns

Comparing congregations means chasing branch figures in different formats.

Access is all or nothing

Branch staff either see the whole church's records or have to ask HQ for everything.

What changes with Communora360

- **Faster, traceable counting**
  Counters type the envelope number, giving type and amount. Each envelope is saved to the member's record.
- **Statements in minutes**
  A giving statement for a member or a whole family, for the year, by type and gift by gift.
- **Every congregation side by side**
  Members, giving, dues and welfare for any period, with the church total and the payments behind each figure.
- **The right access for each person**
  Limit a team member to one congregation. They see and record only that congregation.
- **Give at any time**
  Members can give tithes and offerings by Mobile Money or by dialling *928*7#, and receive an SMS receipt.

Features you will use

- **Congregations**
  Main congregation and branches, with resident pastors
- **Families, cells, ministries**
  Envelope numbers, heads of family, cell leaders
- **Service recording**
  Attendance, loose collections, envelopes, count sheet
- **Pledge appeals**
  Target, pledges, redemption and reminders to those owing
- **Church reports**
  Tithes & offerings, services & attendance, family register
- **Church accounts (optional)**
  Offerings post themselves; expenses approved by others

Set up congregations, families and cells → **Record** each service and its envelopes → **Members give** by envelope, MoMo or USSD → **Review** congregation totals and statements

Request a demonstration

We will set up sample data for your kind of organisation and walk your team through it.

Envelope and loose collections are recorded as cash payments on the day of the service. Mobile Money giving needs your own activated Hubtel merchant account. Features depend on your organisation's profile and the modules switched on. Illustrative screens use sample data.
